

MY STORY

Experienced. Enthusiastic. Connected. Involved. Real estate has always been a part of my story. My family owned a well-respected construction company for 67 years and I have been a full time dedicated real estate professional for 21 years. My results have consistently placed me in the upper echelon of local agents. I really like my clients and I'll be a resource for you for whatever you need, as long as you need it.

I'm the Chair of our Board's Advocacy and Legislative Committee. This has allowed me to meet and develop relationships with elected officials on both sides of the aisle, provide public comment where appropriate and to help shape the issues and policies that affect homeownership. To give back to my community, I enjoy my time volunteering for Adopt-A-Class with my office and writing blogs to spotlight local small businesses.

Outside of the office, I enjoy playing competitive tennis, pickleball, and paddleball, exploring our city's incredible parks, and watching my sons play baseball.
